

CAMP 2013 MOJA SUPER HEROES

Camp Moja was founded in 1977, by the Community of Christ Church, and is a unique summer camp for adults with developmental disabilities. Moja, which translates from the Swahili dialect as the “number one,” not only fulfills camper’s emotional and recreational needs, but also encourages and promotes many social skills as well. Camp Moja is a non-profit organization, and is composed of volunteers who offer their services one week a year.

During this week, counselors place their camper’s wants and needs as “number one.” The end result is a group of very special citizens who have opportunities to enjoy many experiences they would not normally encounter within their society. Selfless love, exciting activities, many laughs, and the formation of new friendships between campers and counselors make Camp Moja a one of a kind program that is nothing shy of addictive. One can tell by the smiles of joy on the camper’s face, that they also know that camp is truly “Moja.”

Campers,

What an amazing year! Camp Moja continues to grow and develop and we are so excited to have each of you return year after year. Our goal each year is to ensure that each camper gets to shine in a fun and exciting environment through not only dances, games, talents shows, but also receiving a true sense of unconditional love. Each year it has been you, the campers, who continue to bring me back for amazing experiences and friendships.

Thank you for another amazing year and we will see you at Camp Moja 2014!

God Bless,

Mr. Moja
